

19.83.080 Sites in the foothills and canyons.

For the purpose of this chapter the foothills and canyons are defined as the areas shown on the maps in the document entitled "Salt Lake County Foothill and Canyon Development Standards."

A. Any grading for telecommunication facilities, including access roads and trenching for utilities, shall comply with the Uniform Building Code. Telecommunication facilities in the foothills and canyons shall comply with the FR zone requirements for grading (Section 19.12.100), natural vegetation (Section 19.12.110) and utilities (Section 19.12.120). Everything possible should be done to minimize disturbance of the natural environment.

B. A computer-generated visual simulation of the proposed structures is required for all sites in the foothills and canyons. The simulation shall show all structures including but not limited to monopoles, antennas, and equipment buildings.

C. Everything possible should be done to minimize disturbance of the visual environment. Site placement and color should be carefully considered to blend in with the surroundings.

D. Continuous outside lighting is prohibited unless required by the FAA for the monopole. (Ord. 1394 § 1 (part), 1997)
